lately, but I'm working on a new mod for HaKo. It's called "La Perouse"
(the French name for the beach at home), and will add 3 new areas, 6
new side quests, and almost double the amount of characters &
conversations. Right now I'm writing the script for the 3 new areas, and
hope to release this within the next few days. I'll keep you posted if
there's anything exciting to see. Feb 7, 2014 HaKo 20th Anniversary
